## H. SIKKIM

The State of Sikkim vide their letter dated 04.10.2019 has sought approval of Ministry for engaging a local entrepreneurs for implementation of the Smart Class projects approved by 12th EC instead of EdCIL. The State Govt. has indicated that the proposed change would be as per standing Finance Rules and Procedures of the State.

2. The Empowered Committee in its 12th meeting held in January, 2019 has sanctioned a project for installation of 500 units of Smart Class equipment in Govt. Schools of Sikkim. The text of the minutes is reproduced below:-

"**Smart Class equipment**:- The EC inquired the components of the Smart Classes proposed by the State. The State informed the Committee that the proposal for installation of Smart Class was considered by the 7th Empowered Committee on PMJVK. The EC at that time opined that the State of Sikkim may follow the model adopted by the Govt. of Karnataka for Smart Classes. Accordingly the State has now worked out a new project on Karnataka model through EdCIL, a CPSE under

Ministry of Human Resource Development. Further it was also informed to the Committee that all 290 Schools where equipment is to be installed are Govt. owned. The Committee was informed that the project approved by the Ministry for Karnataka in 140 EC on MsDP contains following components:-

1. Integrated Community Computer Solution - ICC
2. Multimedia Content as per State Board Syllabus
3. Multimedia Content as per state Board Syllabus in Urdu
4. Multimedia content as per CBSE Board
5. Science Videos and Virtual Experiments including Digital Library
6. Built-in Screen Interactivity
7. MS Windows OS Professional Version
8. Trolley Bag, All in one Remote.
9. White Board (MATT Finish), One KVA UPS with 15-20 minutes backup

A presentation on the project was made by EdCIL before the Empowered Committee. The Empowered Committee, considering the presentation and request of the State, agreed to the project at the unit cost of Rs.2.69 lakh for 500 units subject to the condition that the State will ensure availability of power back up for the project and training of teachers for proper handling of the teaching aid"

3. As per the extant guidelines(Para.14), the State may implement project through any agencies as per the State policy. However, Para. 11.1.5(c)(iv) also empowers the EC to approve the implementing agencies.

4. Considering the above, the Empowered Committee opined that the State may take appropriate action in the matter as per the guidelines of PMJVK/erstwhile MsDP, and as per provisions of GFR or the State Financial Rules, whichever is applicable in the State.

**The meeting concluded with vote of thanks to Chair.**
